CG, 46th Div. Announces Staff Changes

Two staff position changes have been announced by Maj. Gen. Gordon A. MacDonald, commanding general, 46th Inf. Div. Both are now effective.

Col. Ronald D. McDonald is reassigned from G-3 to Chief of Staff. He filled the position formerly occupied by Col. Howard E. Derby, who last June was assigned as Executive Officer, State Hq. & Hq. Det. and Assistant Adjutant General of Michigan.

The new G-3 for the 46th Div. is Maj. William M. Peterson, who formerly served as Chief of Staff Assistant.

Both officers carried out the duties of their new positions during 1955 field training at Camp Grayling.

A veteran of some twenty-six years of National Guard service, Colonel MacDonald rose from the ranks of the 119th P. Bn. to his present position. He was graduated from Michigan State University in 1933 as a second lieutenant in the cavalry.

He later completed an advanced course at the Army Artillery School and graduated from the Army's Command and General Staff College in 1943.

He has since completed 8 Staff Officer courses for Div. Staff Officers at the latter school.

He returned to his duties with the 46th Inf. Div. in June after almost a year's absence. During that year Colonel MacDonald was one of two National Guard officers of the class of 1955-56 of the Army War College, Carlisle, Pa. He completed his course and was graduated 14 June.

During World War II, Colonel MacDonald served in the Southwest Pacific Area and in Alaska. In addition to artillery command and staff assignments, he served as an observer and special representative on the staff of General Douglas MacArthur in Australia and New Guinea.

Major Peterson began his military career as a private on 6 April 1942. After approximately a year's service he attended Officers Candidate School and received his commission as second lieutenant 26 May, 1943.

Charlevoix Rolls Over Vikings By A Lap-Sided 52 to 6 Score

Grayling-Finally Manages Score

The Grayling Vikings continued their drills this week to meet the Gaylord Blue Devils at the lighted field at the Grayling Memorial Recreation Area this Friday night. The kickoff is slated for 8 p. m.

The Blue Devils boast of but one victory in conference play against two defeats. They were winners over Pellston by a 25 to 6 score. Grayling still pointing for their first victory after absorbing three stunning defeats are given an outside chance of possibly upsetting the Gaylord Blue Devils.

The Vikings again found themselves without enough horsepower when they traveled to Charlevoix last Friday night and were defeated by a whopping 52 to 6 score. In other conference action last weekend Boyne City continued to lead the conference as they downed Pellston 52 to 0; Harbor Springs shut out East Jordan 14 to 0 and the tough Mancelona Ironmen dropped Gaylord by a 20 to 6 count.

Grayling kicked off to start the game with the Raiders last Friday night. Charlevoix ran the ball back to the Vikings' 45 yard line and in three plays drove into the end zone to score. On the following kickoff, Grayling was held at their ten yard line and a bad punt left the Raiders in possession of Grayling's 10 yard line. They drove over for their second score.

Coach Art Thayer used every boy on the squad Friday night and he said that the team played the best ball of the season. The Vikings finally broke into the scoring column with a 91 yard pass play in the third quarter. Setting up for a punt on the 30 yard line, Bill Martin instead of kicking threw a pass to Charles Garland who went all the way to score. In the 4th quarter a pass play from Russell Mudge to Marshall took the ball from the Grayling 45 yard line to the Charlevoix 4. The Vikings tatted how-

ever to produce a score on this drive. Charlevoix held a 33 to 0 lead at halftime and added 19 more points in the final half. Although the Raiders outclassed the Vikings, the team showed a great deal more spirit and determination. Their blocking and line play showed a great deal of improvement.

Bill Martin was elected as the new team captain last week as Captain Jim LaGrow and Aubrey Welch both dropped from the team, Coach Thayer said.

Hold First Winter Sports Board Session

The first meeting of the season of the Grayling Winter Sports, Inc. board of directors was held last Wednesday evening at the City Hall with President Russell Carlson presiding.

Plans were made for an immediate start on cleaning the ski slopes of brush and to cut trees and remove stumps from at least two more ski tow runs.

Dor Feldhauser and Bernie Fowler were named as co-managers of the park for the coming season. A concession was let to the Grayling Mercantile Company to open a ski shop at the park at which the company would display and sell skis, equipment and winter sports clothing. A two year food concession was also given to Mr. and Mrs. Harold Clements.

Mr. and Mrs. Bill Martin instead of kicking threw a pass to Charles Garland who went all the way to score. In the 4th quarter a pass play from Russell Mudge to Marshall took the ball from the Grayling 45 yard line to the Charlevoix 4. The Vikings tatted how-

WHEREAS the history of the American people stands as a testimony to the advantages of freedom and individual initiative over regimentation, and

WHEREAS for nearly a century the men and women of the oil industry have championed those principles of competitive freedom initiative, and individual liberty on which our nation is founded, and

WHEREAS through the practice of these principles the oil industry has come to symbolize the attainment of a standard of living previously unknown, and

Roy Trudgeon Named President Of EMTA Winter Sports Council

New officers of the East Michigan Winter Sports Council were elected at the annual fall meeting held in Standish last Thursday.

Roy Trudgeon, of Grayling, was raised from first vice-president to the presidency, succeeding Ladd G. McKay, Jr., of Tawas City.

Frank Fletch, of Bay City, was selected first vice-president; Ted Benton, of Houghton Lake, second vice-president; Frank Catto, of Alpena, treasury and James H. Hall, secretary.

Council directors approved an \$8,000 budget for publishing a ski map and community winter sports areas of northeastern Michigan. It compares with \$7,000 appropriated last winter.

Some \$35,000 new winter sports areas will be published for distribution throughout Michigan and neighboring states. Total last year was \$10,000.

Council publicity will emphasize this winter the "meat" of a Michigan winter sports areas to the downstate and outstate metropolitan areas, on the theme of "winter vacationland just a step away."

Some \$2,000 will go for newspaper advertising in cooperation with the West Michigan Tourist and Resort association. Council directors oked underwriting a share of the expenses of the TV program "Michigan Playtime."

Magazine advertising, snow condition reports, more promotion and publicity with TV and radio, and routine expenses accounted for the balance of the \$8,000.

"Little" Voter Is A Big Man In Coming November 6th Election

THE "LITTLE" VOTER IS A mighty big man in the coming election. Both parties believe their best chance lies in getting a big turnout for the Nov. 6 election. This is less strange than it seems when the situation is analyzed.

Key politicians keep continuing to talk about the political atmosphere. Results from surveys are evaluated almost daily. Leaders in both parties are convinced that they have a chance to win at the polls.

Republicans, who hope to hold outstate Michigan by as large a margin as last time, figure that a bigger GOP vote in Wayne County will swing the state solidly their way.

Democrats, who hope to gain outstate, are anxious to get a higher percentage of their people to the voting booths.

If a million new voters can be registered by Oct. 8, the Republicans think they would half support their ticket. They are working hardest in traditional favorable areas where the vote fell off last election.

Democrats think there are more

like 1,700,000 to be registered hope to overwhelm the GOP with the million votes they think would result if all of these people voted. They count particularly heavy on industrial areas, where labor leaders are pumping openly for the Democratic party.

General result is that Mr. Citizen may hear from anyone and nearly everyone that he should be registered. Labor groups, trade associations, churches, service clubs and even Cub Scouts are telling him that he is mighty important in this election.

And the fact is that he is.

A MICHIGAN MINORITY GROUP is embarking on a program to better its situation. Almost overlooked in the battles of racial segregation and campaigns for racial tolerance is the plight of the state's Indian citizens.

There are some 16,000, and until recently there was no organized group to represent their views and interests.

Within the last 30 days steps were taken to remedy this situation. In a meeting at the Capitol the Michigan Indian Study Affairs Commission was established. It is a group of men, most of them of Indian blood who are dedicated to improving the lot of Indian and helping him overcome a greater economic and social asset to his community.

For this huge task only limited means are now available, but the study committee is anxious to make its efforts effective. Starting with \$200 furnished by funds available for "minor" commissions, the group hopes to begin a foundation for expanded operations.

Listing their major problems as economic security, welfare, education and unsettled legal claims against the government, the commission decided to work first in the realm of education.

According to chairman Frances Wakenfield of Grand Rapids, a program within the Indian population is the first essential. Members believe that Indians have little chance for more than minimum schooling so they are looking for ways to provide training in trades, business methods and advanced study for the country's "original citizens."

Scholarships offered by Michigan universities solely to persons of Indian heritage are rarely used. Wakenfield comments, "Education itself will help solve some of the other more pressing problems."

Optimism prevailed at the first commission meeting. Committee members are named to deal with separate portions of the over all objective. Hopes are high that additional money may be obtained from a philanthropic foundation.

In the meantime, Indian Affairs Study Commission members hope their cause will not be lost in the shuffle as other minority groups push their causes to the forefront.

Better coverage of Michigan football games should result from newly constructed press box at the University of Michigan stadium, athletic officials predict.

aps Of Paper ...

It would be impossible to describe adequately the man and material destruction that, in modern times, followed the cynical abandonment of pledged agreements and obligations among nations. A particularly apt example was Wilhelm II's "scrap of paper" declaration when he tore up the German-Belgium treaty the beginning of the First World War. There have been many comparable examples since, with fateful consequences for the guilty and the innocent alike.

Premier Nasser's seizure of the Suez Canal makes reminiscent such events. Nasser has attempted to wage the other powers by declaring that the canal will be kept open and that its former owners will be compensated for nationalization. But that is a minor matter in the long view, when set beside the plain fact that Nasser violated Egypt's pledged word, as expressed by treaty.

Under that treaty, the canal would have gone into the possession of Egypt in the relatively near future. — 1962. But Nasser, with his dream of empire, and his policy of pitting East against West, would not wait. At the end of his—whatever happens in the current—may cost his country dearly.

Egypt, like all the Middle East—is desperate for Western capital. But will private capital from this or other Western country be invested in Egypt when she knows that she will respect treaties and obligations? Will they happen to suit her mood of the moment? It hardly looks so.

Will Egypt still expect aid from the U. S. government in this connection, a suggestion made editorially in the Saturday Evening Post is apt indeed. It is that government's announcement that as of now the foreign aid is closed to countries which refuse to

accept their responsibilities or stand by their agreements.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

October 12, 1933

The Military bureau of the War Department today was allotted \$2,100,460 for construction, improvements and repairs to National Guard camps throughout the country. The allotments include \$54,700 for Camp Grayling. Just what will be the nature of the improvements here isn't quite clear, however there is a rumor that a modern airplane hangar for National Guard Air Corps is to be a part of the plans. \$578.55 was added to the village treasury this week through a voucher from the State Liquor Control Commission. This represents 95% of the fees paid by beer license holders in Grayling. Under the provisions of the state beer act this percentage of all license fees is returned to the community from which they come. The gross revenue received to date from all beer revenue sources is a little in excess of \$2,000,000. The state gets in excess of a half million dollars for the general fund.

Crawford County Grange held their annual election of officers Saturday at their regular meeting, and following are those who will fill the various offices: Master, Hugo Schreiber; Overseer, Richard Babbitt; Steward, Elmer Ostrander; Lecturer, Florence Wakeley; Assistant Steward, Charles Corwin; Chaplain, Pearl Babbitt; Treasurer, William Woodburn; Secretary, Matilda Robarge; Gatekeeper, Carrah Corwin; Ceres, Lillian Schreiber; Pomona, Elizabeth Serven; Flora, Laura Parker; Lady Assistant Steward, Carrie Feldhauser.

Saturday the Senior Class had a bake sale at Nick's Grocery. It was a complete success and probably more of its kind will follow. Helen Brady, Grace Jones, Lucille Wheeler and Yvonne LaGrow took charge of the sale at the grocery. The advertising posters were made up by other girls of the class, a committee composed of Thelma Chappell, Wanda Cardinal and Ardith Dunham. This was a class project and all the members contributed.

The local organization of the Federal Emergency Relief Administration has been formed and is getting into working order. Mrs. Laura Olson was named

as administrator and Mrs. Eva Regan as clerk, and at present temporary offices have been set up in the Court house. However the building next to the Shoppers Inn has been rented and will house the above organization and the local office of the Children's Fund of Michigan in the near future.

The Recreation Parlor operated by Oral Levan was broken into and robbed Tuesday night. The contents of the slot machine and money in the till were taken.

The Junior Class of Grayling High is about to launch the publication of a semi-monthly paper. The date of publication has not been definitely announced but the first edition will appear soon. It will be a four-page affair, and will continue throughout the school year. The publication will need the support of advertising of local merchants. The class is to be commended for their enterprising and deserve loyal support by our home people. Miss Berry is the class advisor.

A demonstration of the best known methods of hair and scalp treatments to be given to the citizens of our city.

What Is Your Reason For Baldness?

ALL MERRILL CLIENTS IN THE VICINITY OF GRAYLING MICHIGAN, ARE INVITED TO APPEAR AT SHOPPENAGONS INN HOTEL ON SUNDAY ONLY, OCTOBER 14, 12 NOON UNTIL 5 P. M. THESE PRIVATE INDIVIDUAL REEXAMINATIONS ARE FREE OF CHARGE AND ARE A PART OF THE ESTABLISHED SERVICE TO OUR CLIENTS.

Oklahoma City, Oklahoma, October 3rd in an interview here with C. O. Abbott, international hair and scalp consultant and director of Merrill Hair & Scalp Consultants, said: "There are many different scalp conditions that may cause men and women to lose their hair. Using common sense, a person must realize no tonic or so-called cure-all can correct all these different conditions," he explained.

READ WHAT A FEW OF THE MANY SATISFIED CLIENTS HAVE SAID ABOUT MERRILL HOME TREATMENT IN THEIR UNSOLICITED RE-TESTS. THERE ARE MANY MORE IN OUR FILES.

After using your course of treatment I am happy to report scalp is free of dandruff and does not itch at any time - my hair has more life and also my hair is growing in all areas including the crown which was balding. You may feel free to use me as a reference at any time. Glen Rutledge, Terrebonne, Oregon.

I believe your products for the treatment of the scalp are the best I have ever used. It is twenty years that I have been bald so I don't expect miracles, but my hair has thickened and come in somewhat. I only wish I had known of your treatments years ago. My supply of products is nearly gone, so I will re-order soon. Palmer Huntington, So. Norwalk, Conn.

Guaranteed
Not everyone can be helped by the Merrill Home Treatment. Only those we think we can help are accepted for treatment. Those who are accepted for Merrill Home Treatment are given this guarantee. "If you are not completely satisfied at the end of thirty days, your money will be returned." This is only because most people are skeptical of claims that hair can grow on balding heads. Usually when a person avails himself of the Merrill treatment, his skepticism disappears.

No Cure-All

"We have no cure-all for slick, shiny baldness," Abbott emphasizes. "If there is still fuzz, that hair follicle of the scalp is still producing hair. Merrill's users have grown hair. We have many reports testifying that after using our home treatment, weak fuzz has developed into healthy mature hair. Proper use of this home treatment may bring about a healthy scalp condition which will help the body to produce new hair. If there is any fuzz at all, a healthy scalp condition may be restored, and the hair may grow normally again as nature intended." There is one thing Abbott wants to be certain every man and woman knows. If a recession appears at the temple or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

Free Examination

In addition to reexamining present clients, the Merrill method of home treatment will be demonstrated to others who are interested. The examination is very thorough and highly technical. It requires 20 to 30 minutes. The Consultant makes no charge for this examination, and no appointment is necessary. After examining the person, he is told the required length of treatment and how much it will cost. Regular reports are made to the Merrill office in Oklahoma City to check the progress of the home treatment.

HOW'S YOUR HAIR

IF IT WORRIES YOU CALL OR CONSULTANT G. W. LEMMONS AT THE SHOPPENAGONS INN, N. GRAYLING, MICH., ON SUNDAY ONLY, OCTOBER 14, 12 NOON UNTIL 5 P. M. THE PUBLIC IS INVITED. THE EXAMINATION IS FREE AND OPEN TO MEN AND WOMEN. YOU DO NOT NEED AN APPOINTMENT AND YOU WILL NOT BE EMBARRASSED OR OBLIGATED IN ANY WAY.

Mr. Mickey McCann and friends from Grand Rapids are visiting with the Ken Cavanaughs on Shu Pac Lake and doing some bird hunting. They reported good luck.

Mr. and Mrs. Gerhard and family were at their cabin for the weekend.

Mr. and Mrs. Gordon Herrick and family of Royal Oak, Mich., spent the weekend in the home of their parents, Mr. and Mrs. Fred Herrick.

The Joseph Plummer family of Pinckney, Mich., are spending a few days in their new home on the north Twin Bridge Road.

The Elvin Elmers of Saginaw were at their cabin for the weekend.

Most of the Twin Bridge area families attended the Harvest Supper at the Town Hall in Lovells Saturday night, and those who didn't attend really missed a fine supper.

Archie Feldhauser of Grayling called on friends in Lovells Saturday, and later attended the Harvest Supper at the Town Hall.

Most of the cabins around Twin Bridges were occupied by their owners and friends over the week-end. All enjoyed the hunting and beautiful scenery. Our cabin of hills is very beautiful with colors ranging from pale yellow to deep orange and brown, bright red to crimson. "Jack Frost" surely splashed his paint around with a lavish hand.

Mr. and Mrs. Everett Rouse of Lansing were here a few days last week. E. A. Jonas of the Detroit-Edison Co., spent some time bird hunting around Grayling last week. All made the Shoppenagons Inn their headquarters.

Mrs. Norman Johnston of Beaver Creek stopped in at the Avalanche office last Friday to show us a snowball bloom she had picked in her yard. They ordinarily bloom in mid-summer.

Mr. and Mrs. Jim Duley and daughters Mary Kay and Diane took a trip through the Upper Peninsula, enjoying the scenery and autumn colors, from Thursday to Sunday.

John Bartlett of Bay City spent last Thursday with John Brads. The previous weekend their children, Bob, Richard and Sally, all of Detroit, were visitors.

Lawrence Canfield, son of Mr. and Mrs. John Canfield, was home after completing his basic training at the Lackland Air Force Base in San Antonio, Texas. He left Thursday night for his new base, some where in Wisconsin.

Santa Barrett of Detroit was at his AuSable River cottage over the weekend.

Mrs. George Quinn and Mrs. Amy Gothro spent Friday in Saginaw on business.

Political Ad.

Happy Swap

More and more farmers—who badly need help sometimes, but can't afford a full-time hand—are making deals with young town workers and the employers they work for.

For instance, young Hap Hooper now lives rent-free on Easy Roberts' farm. In return he works about 100 days a year for Easy—for a farmhand's pay.

The rest of the year Hap works for his "regular" boss... Buzz Ellis, the electrician. Buzz just speeds up his business when Hap's on hand—slows it down when he isn't. And, like Easy, pockets healthy savings in wages.

From where I sit, it's great how people with different backgrounds—and different viewpoints—can co-operate. How about more of us trying that? I live in a town—maybe you're a farmer. I'm partial to a good glass of beer—you may prefer coffee or milk. But we can make things pleasant by ignoring differences and giving each other a hand.

Concrete should be used for Michigan's part of the National System of Interstate Highways

This state's part of the National System of Interstate Highways is a vital link in a road system that reaches every state in the Union, 42 state capitals and 182 of the 199 cities with a population of over 50,000. The map above shows this 40,000-mile network. These are the interstate routes authorized by Congress and selected by the Bureau of Public Roads and the various state highway departments. Although comprising only 1% of the total road mileage in the country, these key routes carry over 20% of the rural traffic.

These roads are essential to the smooth and economical flow of commerce; the swift movement of men and material in defense; the quick and efficient evacuation of cities in emergencies and the safe, comfortable and enjoyable travel of motorists.

The sections of the heavily-traveled Interstate System in this state should be paved with the longest-lasting, most economical pavement—Concrete. Concrete is moderate in first cost, requires little maintenance and lasts a lifetime. Result: low annual-cost service.

And concrete is the safe pavement. Its gritty texture permits quicker, safer stops, wet or dry. And its light-colored surface reflects more light at night, providing better nighttime visibility.

Ninety per cent of the cost of these highways will be borne by the Federal Government, but the state must maintain them. The logical choice under these conditions is durable, low-maintenance-cost concrete.

Michigan's famed Straits vacationland road, U. S. 27 from Indian River to Mackinaw City will carry increasing tourist travel. This road deserves the finest—heavy-duty, safe concrete.

HUSBAND-WIFE TEAM TO ON HOLY LAND IN FRE

"God's hand in the miracle land" is the exciting theme of a six-day series of messages to be heard at the First Baptist Church of Frederic, October 16-21.

Biblical revelations are not more true at one time than another, but certain of them are more significant, at times, than others, and such is the case now regarding prophecy. Tensions in the Middle East, characterized by mistrust, smoldering hatreds, racial prejudice, growing hatred for individualism and nationalism—all pinpointed and illustrated by the present Suez crises—make the declarations, promises, and warnings of the Bible now more pertinent to us.

On the basis of 32 years as a pastor, lecturer, and student of prophecy, and with the experience of three trips to the Holy Land, one recently—Rev. McKinney is well qualified for the ministry he is carrying on.

Each evening Rev. and Mrs. McKinney will use scripture, slides, and movies to illustrate the unfolding development of circumstances in Palestine. Some of the subjects and titles included for discussion during the week are: "The Second Coming of Christ," "Russia and Palestine," "Who Owns the Land?" "The Lord and the People go to the Desert," and "God's Plan and Program for Israel and the Gentiles."

Momentous, history preparing events in the Near East are being carefully witnessed by the world—the immigration of hundreds of thousands of Jewish families from over 70 nations, their zealous work, accompanied by a sense of purpose and destiny inspired by the Old Testament, the modernization of their culture, utilization of long-dormant natural resources, as oil, the Jordan River, and Dead Sea, the "blossoming of the desert"—none is without its importance in the world situation, both now and in the future.

The meetings will begin each week night at 7:30, and on Sunday at 11:00 a. m. and 8:00 p. m.

Consistory Celebrates
50th Anniversary

Bay City Consistory, serving the Masons of North Eastern Michigan, will celebrate its 50th anniversary this fall in connection with its 187th Reunion, October 23, 24, 25 and 26.
